### **Duncan Wyse**

*President, Oregon Business Council*

Duncan Wyse has been president of the Oregon Business Council since 1995. OBC is a private, non-profit, non-partisan organization whose members are principally chief executives at some of Oregon's largest enterprises. OBC focuses the knowledge and resources of its members on key, long-range public policy issues facing Oregon, such as economic development, education, health care, transportation, and public finance. OBC has launched many statewide initiatives, including the Oregon Business Plan and Oregon Learns. Duncan also serves as the executive director of the Oregon Business Council Charitable Institute.

Prior to OBC, Mr. Wyse was executive director of the Oregon Progress Board, a state agency where he developed Oregon Shines, Oregon's long-range strategy for economic growth, and Oregon Benchmarks, indicators measuring how Oregon is doing as a people, place, and economy. Previously, he spent eight years at the California Public Utilities Commission, serving as advisor to the president and Director for Policy and Planning.

Mr. Wyse currently serves on the Oregon Higher Education Coordinating Commission (HECC) and All Hands Raised Leadership Council. His previous awards include the Governor's Gold Award (to the Oregon Business Council); Howard Cherry Award, Outstanding Community College Advocate (from Oregon Community College Association); Sustainable Business Leadership Award; and the Innovations in Government Award (from Harvard's Kennedy School and the Ford Foundation to the Oregon Progress Board).

Mr. Wyse earned a Bachelor of Arts degree from Pomona College and a Master of Arts in Business Administration from Stanford University. He grew up in Portland and is married with three children.

### **Carol Dahl, Ph.D.**

*Executive Director, The Lemelson Foundation*

Dr. Carol Dahl is the executive director of The Lemelson Foundation and leads the Foundation's work to use the power of invention to improve lives. The Foundation inspires and enables the next generation of inventors and invention-based enterprises to promote economic growth and address critical challenges in the U.S., and to help solve social and economic problems for the poorest populations in low- and middle-income countries. In Oregon, the Foundation works to enhance the invention and innovation ecosystem through support to invention education programs reaching students in K12 through higher education, as well as the innovation pathway for emerging entrepreneurs.

Before joining the Foundation, Dr. Dahl was founding director of the Global Health Discovery Program at the Bill & Melinda Gates Foundation and led development of the Grand Challenges in Global Health and Grand Challenges Explorations programs, innovation programs which have been replicated in countries around the world. Previously, Dr. Dahl worked at the U.S. National Institutes of Health at the National Cancer Institute and National Center for Human Genome Research, at a startup diagnostics company, and on the faculty of the University of Pittsburgh. She has advised and supported programs across government agencies including the Department of Commerce (Advanced Technology Program), DARPA, NASA and Department of Energy. She received a bachelor's degree from the University of Iowa and master's and doctoral degrees from the University of Wisconsin.

Dr. Dahl currently is chair of the Nomination Evaluation Committee for the National Medal of Technology and Innovation; commissioner on the National Commission on Innovation and Competitiveness Frontiers of the Council on Competitiveness; a member of the Oregon Futures Commission; chair of the Program Advisory Committee for Grand Challenges Canada; and a member of the Advisory Board for the Fogarty International Center at the National Institutes of Health.

## Graduating Speakers

---

### **Walker M. York**

*Accounting; Most Dedicated Student Award, Outstanding Scholar, and President's Senior Cup*

Walker hails from Grants Pass, Oregon, with college credits from Rogue Community College earned while at Hidden Valley High School. From his first days on campus in fall 2018, through his final year, Walker was very active in the student experience while excelling academically and completing his degree in only three years.

Walker's involvement on campus and beyond has been significant in many ways. Walker's dedication to assisting other students is evident through his work as a Peer Consultant (tutor), TOP tutor and Supplemental Instructor for accounting classes. Walker also served as the event planner for the Campus Activities Board and as a Business Ambassador in support of the Management department. This year, Walker was also a member of Oregon Tech's team that competed in the Institute of Management Accountants (IMA) national student case study which placed in the Elite 8 (and currently waiting for final announcement of this year's winners).

Academically, Walker has certainly excelled with only one B in three years! He was selected as the Outstanding Scholar for his major and the President's Senior Cup, the highest academic award, plus the Most Dedicated Student Award this year. His high academic marks and personality landed him an internship last summer at Interfor (a lumber company) in Port Angeles, Washington, where he made such an impression that he was offered a full-time position upon graduation (and he accepted it). Interfor has agreed to pay for Walker's graduate education in the coming year.

Perhaps with perhaps a little more free time in his future, Walker can do more of the things he loves: hiking, playing Frisbee, and shooting hoops.

### **Christian Gomez**

*Biology-Health Sciences and Chemistry minor; Student Achievement Award; Outstanding Scholar; President's Senior Cup*

Christian moved to Klamath Falls from Sherwood, Oregon, after graduating from Sherwood High School in 2017, with all of his math requirements (through Math 252) and various AP science classes completed. As a pre-med student, Christian focused not only on his academic success but also on serving other students and his community. Christian was accepted into the Oregon Tech Honors Program in 2018, which fostered his inner curiosity and academic success.

Academically, Christian excelled in his classes (only one B in four years) and was awarded the Outstanding Scholar for his major. Christian is also this year's recipient of the Student Achievement Award and the President's Senior Cup. Christian was a key contributor on a team that worked on neuroscience research project involving rats, which was also selected to be presented at the Western Regional Honors Conference in April. Christian served as a teaching assistant for the Organic Chemistry courses where he hosted study sessions, tutored, assisted with labs, and graded assignments, quizzes and labs.

Christian also served as president of the Biology-Health Sciences Club this year and even through the virtual interactions, led the group to make 84 full-size blankets for High Desert Hospice and they received a volunteer excellence award for their work. Christian and another student spent this year to get a student chapter of Alpha Epsilon Delta, the National Pre-health Honors Society, established at Oregon Tech, which will be the first chapter in Oregon.

Christian plans take some time to apply to medical school with a start date of fall, 2022, where he will strive to be a passionate pediatrician and to continue to serve his community.

### **Josie Page Hanel**

*Population Health Management; Outstanding Scholar*

Josie is from Lakeview, Oregon, and came to Oregon Tech in 2018 after transferring from Linn Benton Community College, where she completed prerequisites for a Medical Imaging Technology program. Josie changed her major from MIT and found her passion in the Population Health Management program, where she can "give back to healthcare" in response to her surviving cancer.

Josie's interest in helping others is immediately evident by her smile (which is always present) and her ever-present positive attitude. Josie's campus involvement includes being an active member of Kappa Xi Alpha sorority and participating in many campus and community service events. Josie also served as an officer in the Associated Students of Oregon Institute of Technology (ASOIT; student government) this year. Josie also held an internship with the Population Health Management Research Center and worked on a suicide prevention program for a primary medical care setting.

As a first-generation college student, Josie attributes her success to the support of her parents, grandparents, TOP advisors and her faculty members. Josie's perseverance and desire to push through failure to be a stronger student is truly evident in being named the Outstanding Scholar for her major!

Josie's future plans include beginning her career as a patient coordinator for an oncology department, with her sights on a management position eventually, while also fulfilling her dreams to travel the world.

## Student Awards (Klamath Falls)

The **Hiram M. Hunt Award** is eponymously named for a former Oregon Tech faculty member and presented to a student or group who, in the opinion of the faculty, has completed a project that is judged to have made a significant contribution to their field. This year's recipients is **Lauren Frost**. Lauren graduates with a Bachelor of Science in Communication Studies.

The **Most Dedicated Student Award** was established in 1967 by alumnus Jesse Barker. The award is presented to one student each year who, in the opinion of the faculty, has been involved in campus activities and helped make a difference on campus for the students. This year's recipient is **Walker M. York**. Walker graduates with a Bachelor of Science in Accounting.

The **Oregon Tech Pride Award** was introduced in 2003 by the Student Awards Commission to honor the student or students whose accomplishments bring outstanding recognition and pride to Oregon Tech. This year's recipient are members of the **2021 ASCE Steel Bridge Team** who are: **Grant Banister** (Master of Science in Civil Engineering); **Michael Hoie** (Bachelor of Science & Master of Science in Civil Engineering); **Kayla deHoop** (Bachelor of Science & Master of Science in Civil Engineering); **Ian Pargeter** (Bachelor of Science in Civil Engineering); and **Evan Worthington** (Freshman, Bachelor of Science & Master of Science in Civil Engineering).

The **Outstanding Community Service Award** is intended for the student or students who have made outstanding contributions to their communities. This is exemplified by high moral standards, a cooperative attitude with community leaders, and demonstrated service to others. This year's recipient is **Hasan Alramadan**. Hasan graduates with a Bachelor of Science in Dental Hygiene.

The **Outstanding Non-Traditional Student Award** was established in 2012 by the Student Awards Commission to recognize a non-traditional student as an exemplary role model and for his/her contributions to Oregon Tech and/or other communities. This year's recipient is **Sally Sutton**. Sally is a junior in Nursing (OHSU).

The **Outstanding Student Veteran Award** was established in 2010 by the Student Awards Commission to recognize a student veteran who has been involved on campus or in the local community, and has helped make a positive difference for students who are veterans of the U.S. Armed Forces. This year's recipients are **Isaac Gilmer** (Bachelor of Science in Mechanical Engineering) and **Olex Goloshchapov** (Bachelor of Science in Software Engineering Technology).

The **Owens Citizenship Award** was established by the family of the late Rose and Vern J. Owens. It is intended for the student who, in the opinion of the faculty, has made outstanding contributions to the university. This is exemplified by high moral standards, participation in school activities, interest in the betterment of the student body standards, a cooperative attitude toward the faculty and fellow students, and a spirit of adventure in academic activities. This year's recipient is **Apoorva Singh**. Apoorva graduates with a Bachelor of Science in Biology-Health Sciences (anticipated December 2021).

The **Student Achievement Award** is presented to a student in recognition of outstanding accomplishments such as senior projects, papers, presentations, or externship/practicum experiences that are judged overall to have made a significant contribution to the student's academic area of interest. This year's recipient is **Christian Gomez**. Christian graduates with a Bachelor of Science in Biology-Health Sciences.

The **Graduate Student Achievement Award** was created by the Student Awards Commission in recognition of outstanding accomplishments such as graduate projects, papers, presentations, or research experiences that are judged overall to have made a significant contribution to the student's academic area of interest. This year's recipient is **Hanna Wolf**. Hanna graduates with a Bachelor of Science in Renewable Energy Engineering & Environmental Sciences in 2021 and a Masters in Renewable Energy Engineering in 2022.

The **Outstanding Scholars Award** honors those students appointed by their respective department chairpersons or program directors who, in the opinion of the faculty, have demonstrated academic excellence in their majors. Only one Outstanding Scholar is awarded per major (bachelor's degrees). They are:

### College of Health, Arts, and Sciences

**Alexis Harris** *Applied Mathematics*  
**Anna Scolatti** *Vascular Technology*  
**Asher Nieman** *Communication Studies*  
**Christian Gomez** *Biology-Health Sciences*  
**Hannah Jordan** *Respiratory Care*  
**Heidi Horton** *Diagnostic Medical Sonography*  
**Josie Hanel** *Population Health Management*  
**Kelly O'Malley** *Environmental Sciences*  
**Kylee Reinwald** *Dental Hygiene*  
**Megan Ross** *Applied Psychology*  
**Michael Yilek** *Professional Writing*  
**Mikaela Schuman** *Radiologic Science*  
**Rachael Blumenshine** *Echocardiography*  
**Rhiannon Corcoran** *Nuclear Medicine and Molecular Imaging*

### College of Engineering, Technology, and Management

**Adam Flaigg-Fairness** *Cybersecurity*  
**Brandon Foose** *Mechanical Engineering*  
**Carson Porter** *Operations Management*  
**David Abaroa** *Computer Engineering Technology*  
**Garrett Oman** *Civil Engineering*  
**Garrison Peacock** *Embedded Systems Engineering Technology*  
**Jacob Hertel** *Manufacturing Engineering Technology*  
**Jonathan Thurston** *Electrical Engineering*  
**Katelyn Florez** *Business—Management Option*  
**Kevin Thaddeus Steerman** *Renewable Energy Engineering*  
**Nathan Ruscheinsky** *Information Technology*  
**Nathan Ikola** *Software Engineering Technology*  
**Sean Lange** *Geomatics with Surveying Option*  
**Walker M. York** *Accounting*

The **President's Senior Cup** is chosen from the list of Outstanding Scholars nominated by their academic department who have demonstrated superior academic excellence as evidenced by very high cumulative grade-point averages, impressive senior projects, published work or acceptance into graduate school; and other criteria such as dependability, willingness to help others, or involvement in activities and organizations. The 2020-21 academic year consisted of **12** Portland-Metro and **28** Klamath Falls Outstanding Scholars, **6** Online Learning Outstanding Scholars, **1** Chemeketa Outstanding Scholar and **1** Seattle Outstanding Scholar of which **6** students were nominated for the President's Senior Cup.

This year's recipients are **Walker M. York** (*Accounting*) from the College of Engineering, Technology, and Management; and **Christian Gomez** (*Biology-Health Sciences*) from the College of Health, Arts, and Sciences.

## Student Awards (Portland-Metro, Seattle, Online Learning)

The **Outstanding Community Service Award** is intended for the Portland-Metro student or students who have made outstanding contributions to their communities. This is exemplified by high moral standards, a cooperative attitude with community leaders, and demonstrated service to others. This year's recipient of the Outstanding Community Service Award is **Jimmy Pierce**. Jimmy is a student in Mechanical Engineering with an anticipated graduation date in June, 2022.

The **Outstanding Student Involvement Award** is presented to a Portland-Metro student each year who was involved in campus activities and helped make a difference on campus for the students. This year's recipient of the Outstanding Student Involvement Award is **Justin Ringle**. Justin is a student in Renewable Energy Engineering with an anticipated graduation date with both a Bachelor and Master of Science in June, 2022 or 2023.

The **Outstanding Academic Achievement Award** is presented to a Portland-Metro student in recognition of outstanding accomplishments such as senior projects, papers, presentations, or externship/practicum experiences that are judged overall to have made a significant contribution to the student's academic area of interest. This year's recipient of the Student Achievement Award is **Matthew Sherland**. Matthew graduates with a Bachelor of Science in Renewable Energy Engineering.

The **Outstanding Scholars Award** honors those students appointed by their respective department chairpersons or program directors who, in the opinion of the faculty, have demonstrated academic excellence in their majors. Only one Outstanding Scholar is awarded per major (bachelor's degrees).

**Nicholas Tucker** *Manufacturing Engineering Technology*

**Ryan Welch** *Software Engineering Technology*

**Sean Buchanan** *Technology and Management*

**Kevin Lee Hutchinson** *Technology and Management (Online Learning)*

## Emeriti Administration and Faculty

Two faculty members received emeritus status this academic year. Emeritus status is an honor granted to those who have served the institute for at least 10 years with distinction and who have applied for this status.

### Barry Canaday

*Associate Professor, Medical Imaging Technology*

Since 2009, Barry Canaday has helped transform the Echocardiography program at Oregon Tech, first helping to create it; then serving as program director for a decade; and finally, as externship coordinator, establishing and maintaining over 30 clinical externship affiliation sites across the United States. The program itself boasts a 100% pass rate for the ARDMS registry exam in adult Echocardiography, 100% job placement post-graduation and 95% program retention rate.

In addition to teaching, Barry has maintained professional licenses and national registration, and participated in numerous professional conferences, regionally, nationally, and internationally. As a member, and Fellow, of the American Society of Echocardiography (ASE) he served on the International Sonographer Training Task Force, the ASE Council on Cardiovascular Sonography Board, and the ASE Cardiovascular Council Steering Committee. Through the ASE Foundation, and RAD-AID International, Barry has been a volunteer in international outreach missions in India, Vietnam, and Tanzania. Closer to home, Barry recently completed serving as a member of the Cascades East Area Health Education Center (CEAHEC) Advisory Board.

He will continue working professionally as a staff cardiac sonographer within the Dignity Health hospital system.

### Elvira Schechtel

*Professor, Natural Sciences*

Elvira Schechtel has dedicated three decades to teaching Natural Sciences, and has taught over 20 different lecture and lab courses. In addition to teaching, she has served as scheduling coordinator, curriculum planner, technical reader, Oregon Tech Foundation Scholarship reader, and as a judge for multiple Tech Challenge Science Expos. She has also participated in numerous committees and conferences, and has been granted nearly \$100,000 for the Water Quality Research Project at Oregon Tech.

During her time at Oregon Tech, Professor Schechtel has received the Faculty Achievement Award, Professor of the Year award, Most Interpretational Teacher award, trophy for Best Teacher, and has been nominated by students for the Commission on College Teaching Excellence in Teaching Award every year since its inception.

### Golden Owl Society

The Golden Owl Society is an organization for Oregon Tech alumni who graduated 40 or more years ago. Its purpose is to inform, maintain interest, and involve older alumni in the activities of Oregon Tech and to promote the university in the activities of its alumni. Membership is free and automatic. Some members are participating in our ceremony today.

## Academic Regalia

The dress worn by faculty and graduates during commencement ceremonies is based upon costumes used in 14th- and 15th-century universities, particularly Oxford and Cambridge in England. This style of academic dress and accoutrements, used in the United States since colonial times, was standardized by an Intercollegiate Code in 1895.

The variety of styles and colors reflects the wide variety of designs in doctoral robes. When a university is granted the right to confer doctoral degrees, one of the accompanying privileges is the opportunity to design unique and distinctive regalia for its graduates.

The academic costume typically consists of the cap or mortar-board, the gown and the hood. The cap, patterned after those worn at Oxford, is generally black and may be of any material—except velvet, which is reserved for doctoral caps. The color of tassel worn on the cap indicates what kind of degree the wearer has earned.

The gown indicates the level of the degree. Gowns for bachelor's or master's degrees lack any trim, while doctoral gowns are distinguished by velvet panels down the front and three velvet bars on the sleeve. As with the tassel, the trim color indicates the subject of the degree. The academic gown is usually black; however, blue gowns are being donned today by those receiving the associate degrees.

The hood is worn with master's and doctoral degree gowns only, with the exception of Nursing. Doctoral robes have a larger and more open hood, but both are decorated with colors indicating the subject area of the degree received and the institution which granted it.

The colors indicating Oregon Tech's degrees:

## Oregon Institute of Technology Graduation Overview

The Class of 2021 numbers **848** individuals—inclusive of those who have completed degree requirements last Summer and Fall, Winter and Spring terms this academic year, and another **71** who are expected to complete requirements this Summer.

Among the Oregon Tech graduates are **477** from the Klamath Falls campus, **159** from the Portland-Metro campus, **175** from the Online programs, and the remaining graduates are through our partnerships with Oregon Health & Science University (OHSU), Chemeketa Community College in Salem, Oregon and employees of The Boeing Company in Oregon Tech's Seattle program.

### Other Notes

#### List of Graduates

The list of graduate names was provided to the printer one month prior to commencement to allow for production and distribution of this program. The status of some candidates may have changed since that time. The listing of a name in this program does not obligate Oregon Institute of Technology to award a degree. For official purposes, a final corrected list of graduates will be retained by the Office of the Registrar.

This commencement program was produced by the Oregon Tech Marketing, Communications & Public Affairs Office and the Registrar's Office. A special thanks to Doug Halvorsen, Graphic Designer, for layout of this publication and Smith Bates MarComm Solutions for printing of this publication.

#### Special Thanks

Commencement is a collaborative effort, planned and organized through the Registrar's Office and the Oregon Tech Commencement Committee, which includes representatives from Alumni Relations, Campus Dining, Student Involvement & Belonging, College Union, Disability Services, Facility Services, Information Technology Services, Marketing, Communications & Public Affairs, President's Office, Student Affairs, and the Tech Nest Bookstore.
