

Detailed course objectives for MATH 101 will be updated soon.

Description

An accelerated algebra course with topics ranging from Elementary Algebra (MATH 70) to College Algebra (MATH 111). For entering students with good high-school algebra backgrounds. All students will start in Elementary Algebra, and may receive credit for one of MATH 70 (not offered at OIT), MATH 100, or MATH 111, depending on individual level of achievement. An additional self-support course fee is required.

Prerequisite(s)

None
